

EMBRACE SMART SOLUTIONS.

Ease of doing business and a consultative approach sets CX apart.

Tired of wasting time re-engineering your lighting package because it went over budget, didn't meet the scope, or resulted in long lead times?

Involving CX early in your project ensures your project is specified correctly and equipped with the right services to ensure a smooth installation.

**Taking all aspects into consideration,
our specialized approach ensures
that the specification meets your
needs the first time:**

- Simplified billing
- Expert Pre Construction Consultants
- Dedicated Project Management/
Project Executive Team
- White Glove Approach to
Product Delivery
- Onsite Fixture and Control Services
- Onsite Inventory Management
