

Behind the Name

We are a harmony of contrasts.

We're a young company with a long history of being remarkable to our clients.

We are a destination where creative ideas and practical solutions meet.

We are disciplined, yet daringly creative.

We are the place where business as usual is replaced by doing something unheard of.

We are the intersection where the electrical distribution business meets with that new, unpaved road called innovation.

We are Connexion.

Connexion is a quality driven company with the goal of providing the optimal selection of products and services enabling our clients to operate with greater efficiency, profitability and safety.

Our product-focused solutions include:

- Electrical, Voice and Data Solutions
- Lighting and Lighting Control Solutions
- Safety, Tool and Fastener Solutions
- Plant Maintenance Related Solutions

Our extensive and evolving array of client-focused services:

- Plan & Spec Project Services
- Design & Build Project Services
- Energy Efficiency Project Services
- Prefab & Assembly Services
- Jobsite & Storeroom Management Services
- Education & Certification Training Services
- Safety Equipment Testing & Certification Services

The Markets where we set ourselves apart:

- Construction
- Commercial
- Industrial
- Manufacturing
- Municipal
- Schools and Universities

Why Connexion?

Creating a great client experience is our singular focus. We approach each client opportunity with a fresh perspective while deploying our unique blend of product solutions and value-added services. We deliver these with the unbridled talent and enthusiasm of our associates who thrive to help you succeed.

We are *your* Connexion.
