UPDATE ON ELECTRI-FLEX DURING COVID 19 CRISIS

I wanted to take this opportunity to update everyone on the COVID 19 CRISIS in Illinois and specifically Electri-Flex. As of Saturday March 21st, the Governor of Illinois issued a “Shelter in place” Directive for all citizens and business’ until further notice. Since Electri-Flex is considered an “Essential” business we are allowed to stay open and conduct our business in usual fashion. We are currently running full manufacturing and shipping departments at normal hours. We are currently processing orders and shipping these within 48 hours of receiving them. Most of our office and sales staff are currently working from home with full internet and Wi-Fi capabilities.

It goes without saying what difficult times these are and what lies ahead. Please know that we at Electri-Flex are here to help and we are working diligently to insure there are no disruptions in our supply chain to you, our loyal distributor partners. As CEO of Electri-Flex you have my word that we will continue to produce the industry’s highest quality of Flexible Wire Protection and provide you with the service and selection you’ve come to expect from us for 65 years. Thank you for your continued loyalty and support.

Please stay Healthy and safe!

Sincerely,

A handwritten signature in blue ink, appearing to read "J. Kinander", with a long horizontal flourish extending to the right.

Jason W. Kinander
Electri-Flex Company CEO
