# MaxLite® is at Your Service!

## OUR WAREHOUSES ARE OPEN!

### To our Distributor and Customer Partners,

We want you to know that MaxLite is open and operating under the strict guidelines consistent with those set by the CDC and local mandates to best protect our employees and prevent the spread of COVID-19.

Our warehouses in New Jersey, California and Indiana are operating to meet your needs. We have equipped our teams that can work remotely with the technology and tools they need to fully support you during this challenging time. Employees can be reached at their regular telephone numbers and email addresses. We are helping our on-site teams to stay healthy by distributing masks, hand sanitizers, disinfecting wipes, sprays and soap throughout our facilities. We are enforcing social distancing during work hours, including during breaks which have been staggered as an additional safety measure. Supporting the needs of the communities we serve as your partner in the safest manner possible is our #1 priority.

## Contact us anytime for your lighting needs!
