

WHEN YOU NEED TO REDUCE COST AND SAVE TIME WE HAVE A CX SERVICE FOR THAT

Connexion can provide you the service and expertise you need for your facility or jobsite needs.

From equipment based needs of switchgear or lighting, to lighting design, safety audits and inventory management, our services are designed to save you time, money and increase productivity.

CX CRIB

Inventory management that delivers worry-free stock levels and key product availability, increased staff productivity and cost savings.

CX QUICK QUOTES

We appreciate the critical role that time plays in your bidding and buying process. Our Quick Quotes program enables fast turn-around on stock and non-stock lighting fixture quotes.

CX ONLINE

Saving time expediting and placing orders is only the beginning. Learn the full extent of benefits of our digital experience.

CX INVOICE

Take back control of your accounting process by eliminating needless paper handling and develop an invoice schedule that suits your needs.

CX LIGHTING

Whether design & build or plan & spec, Connexion can tailor design solutions addressing all of your facility's lighting upgrade needs.

CX POWER

With our deep inventory and our highly-trained, experienced staff, CX Power is strongly positioned to fulfill any project with speed, accuracy and our unique labor-saving solutions.

CX ENERGY

An energy reduction strategy encompassing everything from motors and lighting to cogeneration and water recovery systems.

CX IPS

Do you have a jobsite with complex challenges? Experience documented cost savings and risk mitigation in our highly customizable service platform.

CX CABLING

Cable solutions that deliver productivity gains, labor savings and ergonomic improvements within a highly effective, field proven suite of services.

CX SAFETY

From safety equipment and training to inspection, Connexion helps ensure a safe and compliant operation.

Call your Connexion representative or visit us online today to see how we can help you reduce cost and drive efficiency in your operation.
